Health/ Research	Recovery Act Limited Competition: NCMHD Community Participation in Health Disparities Intervention Research Planning Phase (R24)	US Dept of Health and Human Services - National Institutes of Health	The NIH National Center on Minority Health and Health Disparities (NCMHD) has designated up to \$7 million for Community-Based Participatory Research (CBPR) to support intervention research on health disparities that is jointly conducted by communities and researchers.	\$7,000,000 nationally	\$375,000	Grant	Public and State controlled institutions of higher education, Native American tribal governments, Public housing authorities/Indian housing authorities, Native American tribal organizations, Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education, Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education, Private institutions of higher education	6/30/2009 (letter of intent receipt date 5/29/2009)	<a href="http://grants.nih.gov/grants/guide/rfa-files/RFA-MD-09-006.html">http://grants.nih.gov/grants/guide/rfa-files/RFA-MD-09-006.html</a>
Nonprofit Capacity Building	Strengthening Communities Fund - Nonprofit Capacity Building Program	US Dept of Health and Human Services - Administration for Children and Families	The Administration for Children and Families (ACF), Office of Community Services (OCS), announces that applications will be accepted for new cooperative agreements to experienced organizations to provide nonprofit organizations serving as project partners, with capacity building training, technical assistance, and competitive financial assistance. The focus of this program is to build the capacity of funded projects' nonprofit partners in order to address the broad economic recovery issues present in their communities, including helping low-income individuals secure and retain employment, earn higher wages, obtain better-quality jobs, and gain greater access to state and Federal benefits and tax credits. Lead organizations will assist nonprofit organizations working in distressed communities with capacity building activities that support economic recovery. Specifically, lead organizations will assist grassroots organizations working in distressed communities with capacity building activities in five critical areas: 1) organizational development, 2) program development, 3) collaboration and community engagement, 4) leadership development, and 5) evaluation of effectiveness. Capacity building activities are designed to increase an organization's sustainability and effectiveness, enhance its ability to provide social services, and create collaborations to better serve those in need.	\$34,000,000 nationally	\$1,000,000	Cooperative Agreement	State governments, County governments, City or township governments, Special district governments, Public and State controlled institutions of higher education, Native American tribal governments, Native American tribal organizations, Nonprofits other than institutions of higher education, Private institutions of higher education, For profit organizations other than small businesses, Small businesses, Faith-based and community organizations	7/7/2009	<a href="http://www.acf.hhs.gov/grants/open/HHS-2009-ACF-OCS-SI-0091.html">http://www.acf.hhs.gov/grants/open/HHS-2009-ACF-OCS-SI-0091.html</a>

Government Capacity Building	Strengthening Communities Fund - State, Local, and Tribal Government Capacity Building Program	US Dept of Health and Human Services - Administration for Children and Families	The Administration for Children and Families (ACF), Office of Community Services (OCS) solicits applications to award 48 grants to State, local and Tribal governments to build their capacity to provide nonprofit organizations with capacity building training and technical assistance. Pursuant to this announcement, ACF will award funds to State, city, county, and Indian/Native American Tribal government offices (e.g., offices responsible for outreach to faith-based and community organizations or those interested in initiating such an effort), or their designees, to build their own capacity to partner with community-based and faith-based non-profits and to provide training and technical assistance to help nonprofit faith-based and community organizations better serve those in need and to increase nonprofit organizations' involvement in the economic recovery. Grantees will use program funds to provide free capacity building services to nonprofit organizations, such as a beneficiary benefits clearinghouse, outreach and education, facilitation of partnerships between and among nonprofits and other government agencies, and training and technical assistance to improve awareness of and access to ARRA efforts/benefits and to improve organizational capacity to be active participants in ARRA efforts/benefits. Grantees will also use program funds to build their own capacity to provide these services to nonprofits.	\$12,000,000 nationally	\$250,000	Grant	State governments, County governments, City or township governments, Native American tribal governments (Federally recognized), Nonprofits other than institutions of higher education  An applicant must be a State, city, county, or Indian/Native American Tribal government office OR a designated private nonprofit organization authorized by such an office. All applicants, whether a government office or a private nonprofit organization, must be authorized by the State, city, county, or Indian/Native American Tribal government to apply for a SCF State, Local, and Tribal Government Capacity Building program grant through a statute, resolution, or executive order.	7/7/2009	<a href="http://www.acf.hhs.gov/grants/open/HHS-2009-ACF-OCS-SN-0092.html">http://www.acf.hhs.gov/grants/open/HHS-2009-ACF-OCS-SN-0092.html</a>
Head Start	Early Head Start Expansion	US Dept of Health and Human Services - Administration for Children and Families	Funding will support the enrollment of additional children and families as well as create new teaching and other positions in Early Head Start programs. The Administration for Children and Families solicits applications from public or private non-profit organizations, including faith-based organizations or for-profit organizations, that wish to compete for funds that are available to provide Early Head Start services to pregnant women, infants and toddlers and their families. The Administration for Children and Families (ACF) announces the availability of approximately \$619 million to be competitively awarded for the purpose of expanding enrollment by approximately 55,000 low-income children and their families. This expansion is only to increase the number of pregnant women, infants and toddlers served in Early Head Start. Financial assistance will be competitively awarded to local public and local non-profit and for-profit private entities, including Early Head Start and Head Start grantees, to provide child and family development services for low-income families with infants and toddlers ages birth to three years and pregnant women who are not currently being served by a Head Start or Early Head Start program.	\$619,000,000 nationally	\$5,000,000	Grant	State govts, County govts, City or township govts, Special district govts, Independent school districts, Public and State controlled institutions of higher education, Native American tribal govts (Fed. recognized), Public housing authorities/ Indian housing authorities, Native American tribal orgs, Nonprofits, other than institutions of higher education, Private institutions of higher education, For profit orgs, Small businesses, Faith-based and community orgs	7/9/2009	<a href="http://www.acf.hhs.gov/grants/open/HHS-2009-ACF-OHS-SA-0087.html">http://www.acf.hhs.gov/grants/open/HHS-2009-ACF-OHS-SA-0087.html</a>

Neighborhood Stabilization	Neighborhood Stabilization Program Competitive Grants	US Dept of Housing and Urban Development	The U.S. Department of Housing and Urban Development (HUD) established The Neighborhood Stabilization Program (NSP) for the purpose of stabilizing communities through the purchase and redevelopment of foreclosed and abandoned homes and residential properties. NSP2 grantees have the opportunity to develop programs responsive to local real estate market conditions by choosing among the five eligible uses of NSP funds. Those uses are: (1) establishment of financing mechanisms for purchase of foreclosed homes; (2) purchase and rehabilitation of abandoned or foreclosed homes; (3) land banking of foreclosed homes; (4) demolition of blighted structures; and (5) redevelopment of vacant or demolished property. The Recovery Act also allocates \$50 million for Neighborhood Stabilization Program Technical Assistance (NSP-TA) grants to national and local technical assistance providers to support recipients of NSP grants.	\$1,980,000,000 nationally		Grant	States, local governments, nonprofits and a consortium of nonprofit entities	7/17/2009	<a href="http://www.hud.gov/offices/cpd/communitdevelopment/programs/neighborhoodspg/pdf/nsp2_nofa.pdf">http://www.hud.gov/offices/cpd/communitdevelopment/programs/neighborhoodspg/pdf/nsp2_nofa.pdf</a>
Health/ Infrastructure	Recovery Act Limited Competition: Core Facility, Renovation, Repair and Improvement (G20)	US Dept of Health and Human Services - National Center for Research Resources (NCRR)	This Funding Opportunity Announcement (FOA) issued by the National Center for Research Resources, National Institutes of Health, solicits applications from institutions that propose to renovate, repair, or improve core facilities. For the purpose of this FOA, a core facility is defined as a centralized shared resource that provides access to instruments or technologies or services, as well as expert consultation to investigators supported by the core. The major objective of this FOA is to upgrade core facilities to support the conduct of PHS supported biomedical and/or behavioral research. Support can be requested to alter and renovate the core facility as well as to improve the general equipment in the core facility or to purchase general equipment for specialized groups of researchers. Specialized equipment over \$100,000 in cost cannot be requested as part of this FOA. It is expected that all awards will be expended expeditiously and that applicants will consider the use of green technologies and design approaches.	\$1,300,000,000 nationally for Recovery Act Limited Competition Grants		Grant	Public/State Controlled Institutions of Higher Education, Non-profit Private Institutions of Higher Education, Non-profit Hispanic-serving Institutions, Non-profit Historically Black Colleges and Universities (HBCUs), Non-profit Tribally Controlled Colleges and Universities (TCCUs), Non-profit Alaska Native and Native Hawaiian Serving Institutions, Nonprofits with 501(c)(3) IRS Status (Other than Institutions of Higher Education), Nonprofits without 501(c)(3) IRS Status (Other than Institutions of Higher Education), Indian/Native American Tribal Governments, Indian/Native American Tribally Designated Organizations, Regional Organizations	9/17/2009	<a href="http://grants.nih.gov/grants/guide/rfa-files/RFA-RR-09-007.html">http://grants.nih.gov/grants/guide/rfa-files/RFA-RR-09-007.html</a>
Health/ Vaccines	Protection of Human Health by Immunology and Vaccines	US Dept of Health and Human Services - National Institutes of Health	This NIH Funding Opportunity Announcement (FOA) invites new applications from single domestic institutions, or consortia of institutions, to participate in creating a network of human immunology profiling research groups. Applications are sought that propose to study human immune responses (1) following infection, (2) prior to and following vaccination against an infectious disease, or (3) prior to and following treatment with an immune adjuvant that targets a known innate immune receptor(s). The purpose of this FOA is to capitalize on recent advances in immune profiling to measure the diversity of human immune responses under a variety of conditions, using bioinformatic, multiplex, and/or systems biology approaches to study samples from well-characterized human cohorts and to measure aspects of the human transcriptome and/or proteome.	\$20,000,000 nationally		Cooperative Agreement	Public/State Controlled Institutions of Higher Education, Private Institutions of Higher Education, Hispanic-serving Institutions, Historically Black Colleges and Universities (HBCUs), Tribally Controlled Colleges and Universities (TCCUs), Alaska Native and Native Hawaiian Serving Institutions, Nonprofits (Other than Institutions of Higher Education), Small Businesses, For-Profit Orgs, State Govts, Indian/Native American Tribal Govts, Indian/Native American Tribally Designated Orgs, County Govts, City or Township Govts, Special District Govts, Independent School Districts, Public Housing Authorities/Indian Housing Authorities, U.S. Territory or Possession, Regional Orgs, Eligible Agencies of the Federal Govt, Faith-based or Community-based Orgs	10/15/2009 (letter of intent receipt date is 9/15/2009)	<a href="http://grants.nih.gov/grants/guide/rfa-files/RFA-AI-09-040.html">http://grants.nih.gov/grants/guide/rfa-files/RFA-AI-09-040.html</a>

Economic Development	EDA Recovery Act Funding	Economic Development Administration	For this opportunity, the EDA will give priority consideration to those applications that will significantly benefit regions "that have experienced sudden and severe economic dislocation and job loss due to corporate restructuring," as stipulated under the Recovery Act. Under the EDA American Recovery Program, EDA will help restore, replace and expand economic activity in regions that have experienced sudden and severe economic dislocation and job loss due to corporate restructuring, and prioritize projects that will diversify the economic base and lead to a stronger, more globally competitive and resilient regional economy.	\$150,000,000 nationally		Grants or coop. agreements	State govts, County govts, City or township govts, Special district govts, Public and State controlled institutions of higher education, Native American tribal govts (Federally recognized), Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education, Private institutions of higher education	ongoing, accepted until 6/30/2010	<a href="http://www.eda.gov/PDF/FY09ARRAFFOFI_NAL031309.pdf">http://www.eda.gov/PDF/FY09ARRAFFOFI_NAL031309.pdf</a>
Health/ Research	Funds for Administrative Supplements Providing Summer Research Experiences for Students and Science Educators	US Dept of Health and Human Services - National Institutes of Health	Up to \$25,000 per year will be provided through the Recovery funding to investigators and institutions that already have research grants funded by NIH. This additional money will not only promote job creation, economic development, and accelerate the pace and achievement of scientific research, it will encourage students to pursue research careers in health-related sciences.  Important features of this program: *The students can be recruited from all educational levels -- high school, undergraduate, postgraduate, etc. Likewise, the science educators can be drawn from elementary, middle and high schools; colleges and institutions. *Institutions are expected to advertise the availability of these laboratory positions to students and teachers, as is typically done in laboratories all across the United States. The proposal requests the applicant to describe how the student/science educator will be recruited for the research experience. *Applicants must be domestic (United States) Institutions/Organizations since the intent of the American Recovery Act is to preserve and create jobs and promote recovery in the United States.	\$25,000,000 per year, nationally		Grant	This announcement is for administrative supplements to active NIH Research Grants, Research Program and Center Grants (Ps), and Cooperative Agreements (Us). Eligible parties may include: State governments, County governments, City or township governments, Special district governments, Independent school districts, Public and State controlled institutions of higher education, Native American tribal governments, Public housing authorities/Indian housing authorities, Nonprofits, other than institutions of higher education, Private institutions of higher education, For profit organizations, Small businesses	Multiple Dates	<a href="http://grants.nih.gov/grants/guide/notice-files/NOT-OD-09-060.html">http://grants.nih.gov/grants/guide/notice-files/NOT-OD-09-060.html</a>
Health/ Research	Administrative Supplements	US Dept of Health and Human Services - National Institutes of Health	The National Institutes of Health (NIH) announces the opportunity for investigators and United States institutions/organizations with active NIH Research Grants to request administrative supplements for the purpose accelerating the tempo of scientific research on active grants. Consistent with the intent of the Recovery Act, the purpose of this program is to promote job creation and economic development along with accelerating the pace and achievement of scientific research. In addition, Recovery Act funds allocated to NIH specifically for comparative effectiveness research (CER) may be available to support supplements. Projects receiving these funds will need to meet this definition of CER: "a rigorous evaluation of the impact of different options that are available for treating a given medical condition for a particular set of patients. Such a study may compare similar treatments, such as competing drugs, or it may analyze very different approaches, such as surgery and drug therapy." Such research may include the development and use of clinical registries, clinical data networks, and other forms of electronic health data that can be used to generate or obtain outcomes data as they apply to CER. Support may be requested for up to 2 years for qualified grants.	\$1,000,000,000 nationally		Grant	This announcement is for administrative supplements to active NIH Research Grants and Research Program and Center Grants (Ps), as well as Career Development Awards (Ks), Institutional Training Grants (Ts), Cooperative Agreements (Us) and Educational Development Awards. Eligible parties may include: State governments, County governments, City or township governments, Special district governments, Independent school districts, Public and State controlled institutions of higher education, Native American tribal governments, Public housing authorities/Indian housing authorities, Nonprofits, other than institutions of higher education, Private institutions of higher education, For profit organizations, Small businesses	Multiple Dates	<a href="http://grants.nih.gov/grants/guide/notice-files/NOT-OD-09-056.html">http://grants.nih.gov/grants/guide/notice-files/NOT-OD-09-056.html</a>

**Additional Identified Competitive Grant Opportunities that may be Available to Nonprofits -  
Closing Date and Final Eligibility Information Still Forthcoming**

Issue Area	Grant Name	Agency Supplying Grant	Summary	Amount available	Award Ceiling	Funding Instrument Type	Eligible Applicants	Likely City Dept. Fits	Closing Date	Link to Announcement
Workforce Development	Worker Training and Placement in High Growth and Emerging Industry Sectors	US Dept. of Labor	\$750,000,000 is provided for a program of competitive grants for worker training and placement in high growth and emerging industry sectors. Of the total, \$500,000,000 is to be used for research, labor exchange, and job training projects that prepare workers for careers in energy efficiency and renewable energy industries. In awarding remaining funds, priority shall be given to projects that prepare workers for careers in the health care sector.	\$750,000,000 nationally		Grant	TBD	Detroit Workforce Development Department	TBD (grant announcement expected to be published in June 2009, with application closing dates starting late summer)	<a href="http://www.wipp.org/resources/resmgr/Procurement_Committee/TEN_44-08.pdf">http://www.wipp.org/resources/resmgr/Procurement_Committee/TEN_44-08.pdf</a>
Health	Prevention and Wellness Fund	US Dept of Health and Human Services (with support from the Centers for Disease Control)	Recovery Act dollars for the Prevention and Wellness Fund will support evidence-based clinical and community-based prevention and wellness strategies to fight preventable chronic diseases and infectious diseases. The allocation includes \$300 million for immunizations, \$650 million for community prevention programs, and \$50 million for reducing healthcare associated infections. In addition, \$500 million was included for bolstering the health and public health workforce. This funding could save or create 20,000 public health jobs, including helping to restore some of the 11,000 public health workers that have already been laid off. The funds also will help reinforce the community health safety net for the unemployed, uninsured, and underinsured during the economic downturn.	\$1,000,000,000 nationally		Grant	TBD	Health & Wellness Promotion Department	TBD	TBD (Immunization currently available at <a href="http://www.hhs.gov/recovery/programs/cdc/immunizationgrant.html">http://www.hhs.gov/recovery/programs/cdc/immunizationgrant.html</a> but seems to be limited to states and select cities)
